BULGARIAN ROSE – KARLOVO

The oil-bearing rose - Rosa Damascena Mill, Rosaceae, a symbol of our homeland, gives the world the unique Bulgarian Rose Oil. Transported to our land from distant Syria and Persia, she finds her home in the foothills of the Balkan mountains. The combination of gentle sun rays, cool nights, rich soil, and frequent rainfalls in the spring, provide a blessing for the cultivation of oil-bearing roses of world-renowned quality.

Rose oil, also called "liquid gold," because of its unique properties, is a natural elixir of beauty and fragrant pleasure for the senses.

"Bulgarian Rose" Plc has proudly inherited the centuries-old traditions of processing rose petals. Gently washed in the Thracian sun and in the spring rains, the fragrant flowers, collected early in the morning are processed under the care of diligent specialists and turned into golden drops of rose oil and rose water, leaving their gentle aroma in the entire Valley.

These riches are the basis of our high quality cosmetic products production. We have been working for more than 70 years, combining in harmony traditions and latest trends so that we can meet the needs of our demanding customers. Today, "Bulgarian Rose" Plc is proud to be a certified producer of PGI BULGARIAN ROSE OIL with guaranteed quality, produced in our distillery and specially selected by our high-tech laboratory.

Responding to the needs of the modern world, we are developing new and innovative formulae. To the already familiar products we add new assortments, where we combine our traditional rose oil and rose water with a variety of natural elixirs and modern active ingredients, which give confidence to our customers with high quality and effectiveness.

Our assortment includes a wide range of cosmetic products with cleansing, nourishing, hydrating and anti-aging products, as well as aromatherapy products for comfort and relaxation:

- *Cosmetic series Rose Original, Rose Joghurt, RoseBerry Nature, Bulgarian Rose Signature, LJ, Bulgarian Rose for Men are all with natural rose oil and natural rose water, own production;*

- *Lady's Joy Luxury Cosmetic Series containing organic rose oil and organic rose water;*
- *Bulgarian Rose Signature SPA cosmetic series with added extract of black caviar and other active ingredients from the depths of the sea;*
- *aromatherapy hand made glycerin soaps and candles;*
- *aromatherapy bath salts;*
- *natural body massage oils and many other similar products.*

The principles we strictly observe are:

- *a high degree of innovation in combining raw materials by leading European companies;*
- *original formulations developed in accordance with European legislation and the latest achievements in cosmetics, phyto-therapy and AROMA therapy;*
- *strictness and uncompromising quality testing and clinical testing of products;*
- *closed production cycle and advanced technologies;*
- *creative attitude towards the development of new products;*
- *a team of experienced and qualified specialists*

We have developed and implemented a quality management system in accordance with the requirements of ISO 9001: 2015 and ISO 22716: 2007 Good Manufacturing Practices (GMP).

Our principles along with our quality management system are a guarantee of excellent product quality. Our products are widely accepted on the domestic and international markets and sought after on 4 continents.

BULGARIAN ROSE
KARLOVO

COSMETIC SERIES ROSE ORIGINAL

with natural rose oil, natural rose water

For more than 70 years Bulgarian Rose – Karlovo has been producing Bulgarian rose oil and rose water in its own distillery. Bulgarian rose oil is the most expensive, the most valuable and world-wide demanded essential oil, which gives us fragrance, tranquillity and purity. Rose oil and rose water are unique natural ingredients, included in all products of the Rose Original cosmetic series. Rose oil contains over 200 precious substances that have a miraculous effect on human body and make it an irreplaceable elixir in cosmetics. With its strong anti-inflammatory, regenerating and antibacterial effect Bulgarian rose oil and rose water are ideal agents for skin cleansing, toning, moisturizing. They maintain

the hydrolipid balance of the skin, stimulate the regeneration of damaged and aging tissues, soothe and remove inflammation, possess antioxidant activity, delaying the appearance of wrinkles.

The cosmetic line Rose Original is developed to support the fight against cancer. The products are based on 100% natural rose oil and natural rose water, produced in our own distillery, in combination with carefully selected biologically active ingredients.

The cosmetic series Rose Original includes a large variety of high-quality products for complete skin and hair care, which gently caress the senses with aroma of the Bulgarian rose.

0465

LADY'S JOY LUXURY

*cosmetic series with organic rose oil,
organic rose water, black pearl extract*

BULGARIAN ROSE
KARLOVO

COSMETIC SERIES LADY'S JOY LUXURY

with organic rose oil, organic rose water, black pearl extract

A high-quality range of products, providing a solution on how to preserve and regain the skin youth and beauty, how to erase the telltale signs of age. With its effective action the products of LADY'S JOY Luxury skin care cosmetic series successfully countervail the age-increasing collagen deficit and help to keep the fresh, youthful looking skin for a long time. They prevent its dehydration, intensively moisturize, nourish, regenerate the skin density and elasticity. They effectively prevent early signs of aging, reduce the dark circles and puffiness in the delicate eye area.

The activity of each product is based on the natural active ingredients included: organic rose oil, organic rose water obtained from the blossoms of oil-bearing rose /Rosa damascena Mill/

called the "Queen of Flowers" and black pearl extract, derived from a special pearl known as Pinctada Margaritifera, called the "Jewel of the sea", "Pearl of Queens" and "Queen of pearls".

Each product in the LADY'S JOY Luxury skin care cosmetic series could be used alone, but for the best results it is recommended in combination with other products of the series.

The LADY'S JOY Luxury skin care cosmetic series includes all the necessary products for the skin of the face, neck and décolleté: cleansing products, gentle exfoliation, toning, nourishing, moisturizing and gentle care products for the delicate eye area. All these, with their original formulae for intensive moisturizing and the regenerating effect on the skin are targeted for women over 35 years.

Lady's Joy
LUXURY
SKIN CARE

4601
CLEANSING MILK 160 ml

- *Organic rose oil, organic rose water, black pearl extract, Moringa oil.*
- *Cleansing milk with rich natural composition, focused on three actions: Gently removes makeup and cleanses the skin; Optimally moisturizes and increases the skin barrier against dehydration; Regenerates the tissues and gives the skin a healthy look.*

4602
FACE TONIC 160 ml

- *Organic rose oil, organic rose water, black pearl extract, natural mint water, collagen, D-panthenol.*
- *Specially designed formula enriched with natural active ingredients complex, refreshes, tones and softens the facial skin. Gentle care for tired and dehydrated skin.*

4603
GENTLE FACE EXFOLIANT 160 ml

- *Organic rose oil, organic rose water, black pearl extract, alpha-hydroxy acids, milk proteins.*
- *A new formula, combining an enzymatic exfoliant and hydrating action without microparticles, delivering an optimal amount of papain-proteolytic enzyme to the facial skin. Gently removes dead cells and leaves a feeling of freshness, softness, regeneration and comfort.*

4604

ROSE BERRY NATURE

*cosmetic series with natural rose oil
and extract goji berry*

**BULGARIAN ROSE
KARLOVO**

COSMETIC SERIES ROSE BERRY NATURE

with natural rose oil and goji berry

Cosmetic series Rose Berry Nature has been developed for care for face, hair and body. Selected raw materials and technologies provide a solution, on how to keep healthy and youthful appearance of the skin, the brilliance of beautiful and vital hair. Developed products are based on a wide participation of natural active ingredients with proven effect. The complex of natural rose oil and goji berry extract in each product is supplemented by natural oils and extracts in line with the intended use of the products.

*Natural rose oil and rose water, obtained by distillation of the flowers of *Rosa damascena* Mill, Rosaceae are suitable for all skin types. Soothe irritated skin and keep its fresh appearance in fatigue and stress. Smooth and revitalize skin. Assist in deletion of puffiness and signs of aging.*

*Goji berry extract is obtained from the fruits of *Lycium**

barbarum L, Solanaceae. In Central Asia, the fruits Goji berry are known as „the miracle of the Himalayas“, „the secret of longevity“, „the magical fruit of youth“. Goji berry extract helps to delay the process of aging by improving the cellular metabolism and accelerates the growth of new cells, by which the skin becomes soft and supple. Thanks to its rich composition of vitamins B group, amino acids, polysaccharides and antioxidants goji berry extract refreshes the body, eliminates the feeling of fatigue, prevents the harmful effects of free radicals which are damaging cells in the body.

Cosmetic series Rose Berry Nature has been especially developed to restore and maintain freshness, softness and elasticity of skin of the face and body, to protect and confer healthy and beautiful appearance of hair.

ROSE JOGHURT

*cosmetic series with natural rose oil,
natural rose water, yoghurt*

COSMETIC SERIES ROSE JOGHURT

with natural rose oil, natural rose water, yoghurt

The Rose Joghurt cosmetic series of Bulgarian Rose PLC – Karlovo is an exquisite complex care to retain skin youth, health and beauty.

Its composition combines two natural elixirs, unique in the world:

- 100% original Bulgarian rose oil, obtained in our own distillery*
- Bulgarian yoghurt*

and certified organic origin ingredients. The Rose Joghurt cosmetic products are safe, useful and effective. They gently and

effectively protect and improve the functions of the skin, intensively regenerate the cells, recover their hydro balance, nourish in depth and give the skin a fresh look with a youthful appearance.

The series offers exceptional tolerance in the effect on the skin and is suitable for all skin types, even the most sensitive.

The Rose Joghurt cosmetic products bring emotional pleasure, visible results and a long lasting effect.

*Rose
Joghurt*

4711
REJUVENATING FACE CREAM 50 ml

- Natural rose oil, natural rose water, yoghurt, *Lactobacillus bulgaricus*, squalane, macadamia oil and UV filter.
- A unique formula including extremely effective active ingredients – rose oil, natural rose water and pro biotic from yoghurt - rejuvenate, nourish and protect facial skin from daily stress and aggressive action of the environment. Pro biotic from yoghurt increases the supply of oxygen to skin cells, stimulates their renewal and strengthens the synthesis of collagen and elastin. Rose oil and natural rose water have excellent hydrating, softening and energizing effect. Pentavitin is a certified organic ingredient which provides long lasting hydration and improves skin tone and elasticity. Included in the formula of the cream are UV filter, macadamia oil and squalane, which prevent skin from premature photo-aging and restore its lipid balance. It is left renewed, hydrated and rejuvenated.

4710
SOOTHING FACE CREAM 50 ml

- Natural rose oil, natural rose water, yoghurt, *Lactobacillus bulgaricus*, argan oil, squalane.
- Soft and gentle cream enriched with precious active ingredients – rose oil, natural rose water and pro biotic from yoghurt which effectively soothe, hydrate and soften facial skin. Pro biotic from yoghurt improves the absorption of oxygen in skin cells, increases cellular respiration and it is invaluable in the fight against aging skin. Rose oil and natural rose water tone, moisturize and soothe skin, restore its elasticity and density. Ester of lactic acid retains the level of hydration and refreshes facial skin. Argan oil and squalane protect skin from premature aging and negative effect of environment, while rejuvenating skin. With everyday use facial skin is refreshed, softened and looks radiant.

4712
MILK CONCENTRATE AROUND EYES 15 ml

- Natural rose oil, natural rose water, yoghurt, *Lactobacillus bulgaricus*, squalane, rosehip oil.
- Special formula for the delicate eye area. With unique combination of precious ingredients, the cream fights with the first signs of skin aging, stimulates the synthesis of collagen and elastin, reduces the depth of wrinkles around eyes, soothes and hydrates skin. Rosehip oil nourishes skin with irreplaceable omega-3 and omega-6 fatty acids, bioflavonoids, and vitamins. Skin regains its vitality, freshness and beauty.

4715

BULGARIAN ROSE FOR MEN

cosmetic series

with natural rose oil, bamboo, prebiotic

BULGARIAN ROSE
KARLOVO

BULGARIAN ROSE FOR MEN

with natural rose oil, bamboo extract and prebiotic

Cosmetics created for men who want to look and feel good!

Bulgarian rose for men is a luxury cosmetic series, especially designed to maintain wellness and healthy appearance of the skin and hair of men. It includes high quality, versatile and effective products, easy and convenient to use, with a modern and strong male fragrance.

They contain innovative natural complexes including natural rose oil, natural rose water, bamboo extract and prebiotic, which care not only for the attractive appearance of skin and hair but also help balance the skin microflora, which increases the skin's natural resistance to the aggression of the environment.*

** skin microflora (skin microbiota) is the combination of microorganisms that naturally exist in the human skin. They are found in the superficial layers of the epidermis and the upper parts of the hair follicles. They are usually non-pathogenic and live in symbiosis with human skin. The benefits that bacteria can offer include protection from pathogenic microorganisms by competing for nutrients, emitting chemicals against them or stimulating the immune system of the skin.*

LAVENDER & HONEY

cosmetic series with lavender extract,
honey extract

COSMETIC SERIES LAVENDER & HONEY

with lavender extract, honey extract

Cosmetic series Lavender & Honey, created in the laboratories of Bulgarian Rose Plc Karlovo, is a fragrant combination of emblematic for Bulgaria and possessing generally recognized useful properties - lavender and honey. All products contain carefully selected natural active ingredients, vegetable oils and extracts, and contribute to intensive hydration, nourishment and revitalization of hair and skin. The series combines the precious properties of honey extract with a unique, for Bulgaria, phytocomplex of lavender, created under the patented technology /Molecular bioliquefaction® technology/, especially developed for Bulgarian Rose Plc Karlovo by the company PHENBIOX SRL, jointly with the University of Bologna.

Phytocomplex of lavender /Bioliquefied Bulgarian Lavender/

is a low molecular weight active extract of lavender racemes, obtained by enzymatic biocatalysts allowing to extract all bioactive ingredients contained in the plant. It is rich in phenols, saccharides and antioxidants which protect skin from free radicals and have an effect that counteracts aging.

Active extract honey - contains vitamins and minerals which nourish, restore and keep the natural moisture of skin while maintaining its velvet softness and elasticity.

Effects of the products combined with the balanced scent of honey and lavender turn daily beauty care into pleasure for the senses.

Products of the series Lavender & Honey do not contain parabens.

PROTECTION
CARE
CLEANLINES

COSMETIC SERIES MAX PROTECT

with natural thyme oil

Cosmetic series MAX PROTECT contains products for effective skin protection based on natural ingredients inspired by nature.

Cleanliness and hygiene are an integral part of our daily lives. We use daily hand soaps and cleaning products. They protect us from microbial contamination and help to make our world safer and cleaner. In search of naturally based solutions we have chosen green alternatives such as thyme oil, lactic acid and ethyl alcohol obtained by natural processes of fermentation and distillation which combine natural origin, efficiency and environmental friendliness.

Thyme oil, which is contained in all products from the series, is highly valued for its cosmetic and aromatherapeutic properties. Due to its rich composition it has soothing, antioxidant and deodorizing properties. Modern scientific studies have shown that thyme essential oils have powerful antimicrobial and antiviral properties.

Ethyl alcohol maximum cleanses skin from any kind of pollution.

Lactic acid has strong cleaning and antimicrobial action. It is bio-based, biodegradable, works at low dosages, it is effective

at short time of a contact and it is a green alternative to the traditional disinfectants.

In addition to good hygiene, it is extremely important to take care of the balance of the skin microflora, which is responsible for the natural resistance of skin caused by the environmental aggression.

Prebiotic normalizes and balances skin microbiome. It regulates the natural balance of the microflora of the skin surface and restores its normal pH. All this strengthens and enhances protective functions of skin and its resistance to external influences such as pollution, stress, UV radiation and harmful microorganisms.

MAX PROTECT series includes the following cosmetic products:

- Liquid Soap – with thyme oil and lactic acid.*
- Hand Lotion – alcohol based lotion with thyme oil.*
- Hand Cream – with thyme oil and prebiotic.*

Everything you need for the perfect hands hygiene, for a good and healthy appearance of skin.
